EDUCATION

University of Washington

Bachelor of Science in Informatics (GPA: 3.8/4.0)

Seattle, WA

Sept 2023 – Dec 2025

EXPERIENCE

Digital Success Intern

June 2025 – Present

Okta

Bellevue, WA

- Led development and launch of a quarterly value snapshot program; defined strategy, mapped project, collaborated cross-functionally, and integrated 30+ new data points to deliver insights to 3,000+ customers
- Drove product adoption and mitigated user churn by aligning product value with customer outcomes, streamlining reporting workflows, and launching targeted engagement campaigns

Manager of Influencer Marketing

July 2024 – June 2025

Turbo AI

Seattle, WA

- Spearheaded influencer marketing campaign to expand brand reach across multiple platforms (Tiktok, Instagram, YouTube Shorts) ultimately generated over \$50k in monthly revenue
- Managed a portfolio of over 458+ influencer partnerships, including developing content strategy, cooperating with talent agencies, and negotiating terms and compensation

Lead Product Manager

Sept 2022 – June 2025

Data Literacy

Redmond, WA

- Aligned market opportunities with customer needs to launch AI Literacy Series, an online certification platform delivering educational AI content to over 350+ monthly active users
- Optimized and A/B tested email outreach campaigns leveraging R, Tableau, Excel, and Hubspot, ultimately driving an 8% increase in total client engagement and retention

Tesla Advisor

May 2023 – Sept 2023

Tesla

Bellevue, WA

- Advised and guided 50+ customers daily; delivering tailored product education, addressing inquiries, and streamlining the purchasing process to enhance customer satisfaction and accelerate sales
- Surpassed bi-weekly sales targets, growing average bi-weekly sale rate from 8 to 13 within 4 months through proactive customer engagement and relationship-building

Business Administrator

Dec 2022 – May 2023

Kadama

Bellevue, WA

- Conducted root cause analysis on over 600+ customer support tickets in Excel to mitigate churn and reduce payment disputes, achieving an 11% reduction in monthly ticket volume
- Engaged with 25+ customers daily through Zendesk, Email, and Zoom to efficiently resolve customer support tickets, resulting in a 14% increase in positive reviews

PROJECTS

Dub Review | *HTML, CSS, React, JavaScript, Firebase, Git*

Sept 2024 – Jan 2025

- Developed a full-stack React application enabling University of Washington students to discover and review local restaurants via an interactive Google Maps API interface

NFL Data Project | *Tableau, SQL, PostgreSQL, Excel*

Nov 2024 – Feb 2025

- Analyzed NFL play-by-play data using Tableau and SQL to assess correlations between offensive line performance statistics and team win percentage year-by-year

TECHNICAL SKILLS

Languages: Java, HTML/CSS, JavaScript, SQL, R

Libraries: React, Next.js, Node.js, Excel, Azure, Figma, Tableau, Matik, Salesforce

ADDITIONAL

Avid Seattle Seahawks fan; experienced in fast-paced startup environments; passionate about snowboarding, hiking, and backpacking; interests include entrepreneurship, digital media, and custom PC building
